OPEN YOUR DOOR TO A NEW WORLD

The look and style of your home says a great deal about you. Doors are a prominent feature of any property and really dictate the character of your home. As well as creating a first impression for visitors, they play a crucial role in weatherproofing, insulating and securing your property.

Installing high-quality PVC-U doors is the best-value home improvement you can make. At a stroke you can improve the appearance, energy efficiency and security of your home – all at an affordable cost.

REDUCE YOUR ENERGY BILLS

Our multi-chambered frame designs deliver exceptional energy efficiency for your doors – helping to keep your home warm all year round, as well as reducing your energy consumption. Our slim frames also allow the area of glass in the doors to be optimised, maximising the amount of natural light within your home.

A rated glass as standard.

ENVIRONMENTALLY FRIENDLY

Our products represent a genuine sustainable option. Not only because they help to reduce CO2 emissions, but also because PVC-U is a fully recyclable material. Each year, tens of thousands of tonnes of PVC-U are recycled, minimising impact on landfill waste sites.

SMALL DETAILS MATTER

Hardware may seem like a small detail, but it's where the eye falls. The part we most frequently touch and operate and the aspect by which we judge overall quality. When refurbishing your home these small details make all the difference. Choosing Vintage doors allows you to benefit from high quality door hardware in a choice of 6 perfectly matching finishes.

Fab&Fix

ATTRACTIVE AND DURABLE COMPONENTS

As a major upgrade, new doors need to be built to last. Only Fab&Fix hardware products are available in Hardex Electro finishes - amongst the most resilient and attractive in the world today - built to last.

Because all of our profiles are produced by the same manufacturer - Eurocell - we can assure you that all colours are exactly matched across our entire range of door products. It means our whites are the same

across all products and our woodgrain finishes are all perfectly matched.

75 MM PVC-U THRESHOLD COMES AS STANDARD

Vintage doors are manufactured with a 75mm threshold as standard but are also available with the below alternatives:

- Low 50mm Pvc
- Low 60mm Pvc
- Low Ali (Doc L)
- Low Ali Ramp (Doc M / Wheelchair / Commercial)

HIGHEST LEVEL OF SECURITY

Protecting your property against unwanted intruders is a primary concern for every homeowner. That's why our doors have been designed to deter burglars and secure your property against forced entry.

For a start, all of our doors have been internally beaded, which means the glazing units cannot be removed from the outside. All panels have 9mm reinforcing which is twice the thickness and strength of standard panels.

MORE THAN STUNNING LOOKS

Alongside stunning looks, our handles, hinges and locks are proven to operate and perform to the highest technical standards. Accredited by all leading security associations,

No matter what the age, style or size of your property we can create high quality windows and doors to enhance and add value to your home.

OPTIONAL SECURITY UPGRADES

Our vintage bespoke range now available with:

SECURITY CYLINDER;

- 3 star cylinder
 - Anti bump
 - Anti snap
 - Anti drill
- + 3 Computer cut keys**
- ** Can be cut by any Key cutter **
